

# PHILADELPHIA FAMILY CHILD CARE CONSORTIUM

## Currently Recruiting Family Child Care Providers!

Early childhood education stakeholders developed the concept of a Referral Continuum, a pipeline of supports that take providers from initial licensing through accreditation. Through research and collaboration with community partners, PFCCC was created. PFCCC aims to support the process of providers pursuing quality improvement initiatives.

***If you are a new or existing family child care provider and welcome our support in improving the quality and sustainability of your program, please register today!***
