ARPA Stabilization Grant Update

ELRC Region 18 has processed over 900 applications from licensed center, group and family child care providers. You will receive your initial payment within 30 days of application. Once you receive your first payment, you can expect remaining payments before or by the end of each month until your grant is paid in full. If you have any questions about payment of your approved grant, please contact our finance team at (215) 382-4762 ext. 2206.

- **Can't figure out how to apply?**
 - When you log in to the PD Registry, next to the My Cart icon in the upper right hand corner is a drop down box with your name in it. If you do not also see your organization name and ID number listed (with a purple background), then you cannot yet apply for the grant. The next step is to Claim your Organization. Please review the tip sheet for instructions on how to do this: <https://s35729.pcdn.co/wp-content/uploads/2021/07/How-to-Claim-an-Unregistered-Organization-Profile-final.pdf>. After you submit this request you will have to wait for the PA Key to confirm your request before you can access your grant application.
 - If you DO see your organization name and ID number listed on the drop down menu. Please review the following tip sheet on applying for your ARPA Stabilization Grant: <https://s35729.pcdn.co/wp-content/uploads/2021/09/How-to-Apply-For-The-ARPA-Stabilization-Grant-09.2021-1.pdf>
- The resources available to you on the PA Keys website are excellent. Please be sure to review them: <https://www.pakeys.org/arpastabilizationgrants/>
- ELRC 18 sponsored Children's Village to present a webinar to help providers maximize their grant, think about potential uses, tax consequences, and reporting/tracking In case

you missed it, links to the recording and slides are listed below. (NOTE: To view the webinar, you must download it from our Dropbox. Otherwise the webinar will cut off after 15 minutes.)

COVID Reminders and Resources

- ELRC can pay you for 14 consecutive COVID-related absences or closures as long as you report to both Certification and the Philadelphia Department of Public Health. The easiest way to do that is to use “[the link](#).” This will trigger follow-up from the COVID Schools Team; please be sure to respond timely!
- Resources from the COVID School Team at the Philadelphia Department of Public Health:
 1. This is the link to register for Townhalls that will discuss 5-11 yr/old vaccinations. This may answer many questions: <https://vax.phila.gov/index.php/events/>
 2. John Hopkins Contract Tracing Training [Link](#).
 3. The following training is an overview of the virus and mitigation measures in schools for students of school-aged children. Link to PDPH Training <https://www.youtube.com/watch?v=b8mEwvI4FW8>
 4. Federally funded testing support for schools, childcare centers, and community orgs. This testing is for "pool" testing. The academic institution can set up testing, 1-3 times a week. If a person/s within the "pool" test positive, then everyone within that pool that test positive will receive a confirmatory PCR test. This program provides supplies, surveillance/data system, and tech support/guidance/training. They do not, however, provide staffing. Link to register: <https://www.affinitytesting.com/hhs/>
 5. If your school would like to partner with a vaccine provider to host a vaccine clinic, on-site, please complete the RedCap. Link to register: <https://redcap.phila.gov/surveys/?s=LPXLP8RDN7>

OCDEL Announces Impact Project to Re-write Child Care Regulations

During October’s ECE Summit, OCDEL staff announced the kick-off of an Impact Project with the National State Capacity Building Center that will focus on re-writing Pennsylvania’s child care regulations with a lens toward equity, quality and decreasing provider burden. [Watch the Session from the Virtual ECE Summit](#). OCDEL is seeking providers to participate in an Early Learning Council (ELC) Subcommittee that will provide feedback on the draft regulations.

Please visit the [Certification Rewrite Page on the Pennsylvania Key's website](#) to view a video from Deputy Secretary Tracey Campanini, and learn more about the process. The ELC Subcommittee application will be open until **Nov. 19, 2021**.

Newborns & Neighbors Phase 2 Begins!

This program provides practical and emotional support to new moms and birthing people. Eligible participants will be paired with a trained perinatal peer support worker to provide this support. Participants will also receive financial support through bank cards. As this pilot is part of a research study, participants will receive incentives for their participation in the study. To be eligible, participants must:

- Identify as Black and/or Latinx
- Be at least 34 weeks pregnant or have given birth in the last 4 weeks
- Be a Philadelphia resident

Please share the [attached flyer](#) with parents who might be interested!

Hotline to Assist Pandemic EBT (P-EBT) Recipients

The Pennsylvania Department of Human Services has launched a live hotline to assist families with the Pandemic Electronic Benefits Transfer (P-EBT) program. Pennsylvanians who have not received their child's P-EBT benefits or have an issue with P-EBT can dial 484-363-2137 Monday through Friday from 8:30 a.m. to 4:30 p.m.

LIHEAP Applications Now Open

Pennsylvanians who meet income guidelines can now apply for help with winter heating costs. The [Low Income Home Energy Assistance Program \(LIHEAP\) is now accepting applications](#) online or via a paper application. LIHEAP helps families who meet income guidelines pay their heating bills in the form of a cash grant. Households in immediate danger of being without heat can also qualify for crisis grants. The cash grant is a one-time payment sent directly to the utility company/fuel provider to be credited on the bill. These grants range from \$200 to \$1,000 based on household size, income, and fuel type. Please share this information with the families you serve.

Invitation To Participate in ARTIC Survey

The Pennsylvania Office of Child Development and Early Learning (OCDEL) invites Administrators or Supervisors who provide supervision to early childhood professionals, working with or supporting children ages 0 through 8 and their families, to participate in the Attitudes Towards Trauma-Informed Care (ARTIC) Survey. The ARTIC Survey is a three-year project that will help guide statewide decision making around workforce development and early childhood mental health resources on trauma-informed care.

Link to the survey: <https://www.surveymonkey.com/r/ARTIC-OCDEL>

Attitudes Related To Trauma-Informed Care (ARTIC) Scale

The ARTIC Scale was co-developed by Dr. Courtney Baker of Tulane University and the Traumatic Stress Institute. It has been administered globally to more than 25,000 professionals in human service agencies, school systems, state agencies and more.

Looking for a cost-effective, validated tool to measure trauma-informed care?

Organizations and schools understand that valid data is critical to advancing trauma-informed care (TIC) in their settings and demonstrating success. That's why the Traumatic Stress Institute co-developed the ARTIC Scale, a psychometrically valid measure of professional and para-professional attitudes toward TIC.

Study Participation Request

My name is Cheneta Yates, and I am a doctoral student at Walden University. I am writing to request your assistance with identifying five early learning childcare centers who have demonstrated successful retention strategies and provide quality childcare services to the children and families they serve.

The title of my research study is: "Successful Staff Retention Strategies within Small Childcare Businesses." My research focuses on examining the techniques employed by some childcare business owners to improve employee retention. I am looking to speak with childcare **business owners** within the Philadelphia region who have successful retention policies and procedures and a measurable staff retention rate (Preferably 2 to 5 years). I will be asking the owners to share some company information about their employee orientation or training materials, surveys they perform with staff related to employee engagement or improvement, attendance, and turnover reports, retention policies and procedures, and performance review reports. Of course, I will not share company names or identifying information in my study, nor will any visual data (pictures) of any sort be performed. All information will be anonymously coded for privacy, and secured for five years, and destroyed. Once the data is collected and

transcribed, I will be sharing the results with you and the owners for accuracy. I ask that interested participants contact me by no later than November 12, 2021.

The implications for positive social change include...

Implementing strategic retention techniques to raise organizational awareness and staff morale may result in lower employee turnover, fewer retention issues, and increased employee morale, corporate and economic growth.

I would greatly appreciate your assistance in helping me to identify and connect with candidates for my research purposes.

Enclosed, is the informed consent form explaining more about the study and procedures I will share with participants.

(<https://www.dropbox.com/s/jmwwhp1vw9yzn0v/YatesC%20Consent%20Form.pdf?dl=0>)

I would like to thank you in advance for your time and consideration.

Sincerely,
Cheneta M. Yates, MSA
